TAX FACTS & CALCULATIONS

ALLOWANCES AND DEDUCTIONS FOR INDIVIDUALS

**Your Guide to Individual Tax Facts, Allowances,
Deductions & Simple Calculations**

IMPORTANT NOTICE

Submission of your Annual Income Tax Returns from Income Year 2025

The **Inland Revenue Department (IRD)** reminds all taxpayers of their legal obligation to submit their Annual Income Tax Return within three (3) months after the end of their income or financial year.

To make the process easier, the Department has simplified the Income Tax Return form and prepared a helpful brochure entitled “Tax Facts & Calculations.” This guide explains how to complete your return and calculate your tax liability. Copies are available at our offices in Castries, Soufrière, and Vieux-Fort, and may also be downloaded from our website at www.irdstlucia.gov.lc.

Please note that when filing your return, you are not required to submit medical bills. However, these documents must be kept for up to six (6) years and presented to the Department if verification is requested. Failure to provide supporting documents when required may result in the disallowance of your claim.

Taxpayers are strongly encouraged to file their returns and pay any taxes due by the stipulated deadline to avoid the imposition of penalties and interest charges.

For greater convenience, we invite you to use our E-Filing System — a safe, fast, and accurate way to file your return anytime, anywhere at <https://efiling.govt.lc>.

The Inland Revenue Department thanks you for your continued cooperation and reminds you that with your assistance, we can serve you better.
